

MATERIAL SAFETY DATA SHEET	Page 1/4
Regma Transfert Thermique	Revision date: 11/2016
Thermal transfer ribbon	

Established according to the annex II of EU regulation n° 1907/2006 (REACH), the EU regulation n°1271/2008 and the commission regulation n°453/2010

SECTION 1: Identification of the product and of the company

1.1. Product identifier

Thermal transfer ribbon

1.2. Details of the supplier of the safety data sheet

Regma Transfert Thermique SAS

6 Rue Verdier Monetti

76880 Arques la Bataille

France

Phone: +33 (0) 2 35 04 86 67

Fax: +33 (0) 2 35 04 75 37

Email: fds@regmatt.com

1.3. Relevant identified uses of the product

Thermal transfer printing

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

This product is not classified as hazardous

2.2. Label elements

No particular labelling is needed

2.3. Other hazards

No remarkable hazard.

SECTION 3: Composition/information on ingredients

Mixture
Polyethylene Terephthalate (PET film)
Paraffine
Carnauba wax
Carbon black
Others

SECTION 4: First aid measures

4.1. Description of first aid measures

General notes: No effects are expected during normal use of the substance

Inhalation: not applicable

Skin contact: not applicable

Eye contact: not applicable

Ingestion: not applicable

<p>4.2. Most important symptoms and effects, both acute and delayed No specific symptoms or effects have been reported.</p> <p>4.3. Indications for the medic Submit this data sheet to the medic.</p>
--

SECTION 5: Firefighting measures

<p>5.1. Appropriate extinguishing media Water, foam, carbon dioxide, powder,</p> <p>5.2. Not appropriate extinguishing media due to security reasons None</p> <p>5.3. Special Equipment for fire-fighters Gloves, safety glasses and protective clothing.</p> <p>5.4. Special hazards arising from the substance or mixture No relevant information available</p>

SECTION 6: Accidental release measures

<p>6.1. Personal precautions No special measure.</p> <p>6.2. Environmental precautions No special measure.</p> <p>6.3. Methods for cleaning-up Preferable with purifier, do not use solvent.</p>

SECTION 7: Handling and storage

<p>7.1. Precautions for safe handling No special precautions if the product is used appropriately.</p> <p>7.2. Conditions for safe storage, including any incompatibilities Keep / store in a cool and dry area. Keep away from heat (Recommendations: Temperature= 5 – 35°C / Relative humidity = 30 – 80%)</p> <p>7.3. Specific use(s) No specific use.</p>
--

SECTION 8: Exposure controls and personal protection

<p>Respiratory protection: not needed Hand protection: not needed Eye and face protection: not needed Skin/body protection: not needed</p>
--

Environment protection measures: not needed

SECTION 9: Physical and chemical properties

9.1. General Information
Physical state: solid

9.1. Information on basic physical and chemical properties
Odour: negligible
PH: not applicable
Flash point: not applicable
Vapor pressure: not applicable
Solubility: insoluble in water

9.2. Other information
Melting point: no data available

SECTION 10: Stability and reactivity

10.1. Chemical stability
The product is stable under normal conditions of use.

10.2. Possibility of hazardous reactions
No hazardous reactions known.

10.3. Conditions to avoid
Keep away from heat sources

10.4. Incompatible materials
The product can be damaged by sulphuric acid and nitric acid.

10.5. Hazardous decomposition products
None

SECTION 11: Toxicological information

11.1. Information on toxicological effects
Inhalation: no available data
Ingestion: not applicable
Skin contact: none
Eye contact: none

No harmful effect has been observed under normal conditions of use.

SECTION 12: Ecological information

No ecological information is available for this product

SECTION 13: Disposal considerations

Waste treatment methods
 Disposal should be in accordance with laws and regulations and according to product characteristics at time of disposal.
 Within the present knowledge of the supplier, this product is not considered a hazardous waste as defined by EU Directive 2014/955EU.

SECTION 14: Transport information

Excluded from the classification and identification for the transport – not restricted

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture
 This product is not classified as hazardous according to Regulation (EC) No 1272/2008 [EU-GHS/CLP] and the directives No 67/548/CEE and 99/45/CEE.
 Restrictions: none
 National regulations: National or regional regulations must be followed.

15.2. Chemical safety assessment
 No chemical safety assessment has been made for this product

SECTION 16: Other information

This product has been made to be used in thermal transfer printers.
 The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide.
 The information contained in the present sheet is based on our own knowledge on the date of the last version.
 Users must verify the suitability and thoroughness of provided information according to each specific use of the product. This document must not be regarded as a guarantee on any specific product property. The use of this product is not subject to our direct control; therefore, users must, under their own responsibility, comply with the current health and safety laws and regulations. The producer is relieved from any liability arising from improper uses.
